

NO. TS20156667
 Date: December 23, 2015
 To: Sunrun Inc.
 45 Fremont Street, 32nd Floor
 San Francisco, CA, 94105

Subject: Confirmation letter for Wildlife Screening Mesh Critter Guard Installation of Sunrun Inc.

To whom it may concern,

Thank you for your inquiry about our product. Canadian Solar modules have been certified to UL1703 standard in accordance with CSA certification body. Please refer to our Installation Manual for the mounting methods that are currently approved

Canadian Solar hereby confirms that the limited warranty is still valid to attach wildlife Screening Mesh to Canadian Solar module frame following the drawing as below for Sunrun Inc. This applies to the Canadian Solar PV modules including module type CS6X series, CS6P series, CS6K series.

All mounting designs must be certified by a registered professional engineer. The mounting design and procedures must comply with local electrical and building codes. System designers and installers are solely responsible for load calculations and the proper design of the supporting structure.

The Sincerely,

 Lisa Wu
 Senior Engineer of Global Sales Technical Support
