

OmniBase™ Tilt & Flush Mounts

Featuring OmniShield™

Versatility for any application

Single design to accommodate a wide variety of roof types

Fewer parts required for maximum adjustability

Alignment marks easily facilitate locating layout points

Universal tool installation using a standard 1/2" socket

Start Installing the OmniBase™ Today!

SnapRack Ultra Rail OmniBase™ Solutions

provide the ultimate flexibility in roof type, structural member and mounting configurations with a single base. The OmniShield™ is an integrated waterproof flashing cover that provides additional structural support. Standoff attachments are engineered to ensure maximum adjustability for a clean, level installation on the most irregular roof surfaces.

Universal OmniBase™

- Works with a single lag for traditional rafter mount installations
- Accommodates 2 or 4 lags for flat rafters TJI joists or metal framing.
- Can be used with 6 screws for rafter-less mounting
- Sealant Pockets allow for extra sealant around fastener
- Compatible with off the shelf flashings and e-curbs
- Anti-rotation features aid in installation

OmniShield™

- OmniShield™ is a waterproofing flashing shield for the OmniBase™ that is structural in nature.
- Installed over the OmniBase™ and sealed in place with a high quality roofing sealant along the bottom and top surfaces.
- The wide footprint and post support of the OmniShield™ helps distribute load to the roof, allowing for superior strength when mounted to a structural member or direct to wood decking.

Leveling Clamp

- Clamps mount directly to SnapRack Ultra Rail without the need for separate L Feet and mounting hardware
- Unique design offers ultimate adjustability to ensure clean, level arrays on uneven roofs
- Ships fully assembled with post and maintains the same 1/2" socket attachment throughout the system

Tilt Mount Assembly

Flush Mount Assembly

Quality. Performance. Innovation.

SnapRack solutions are focused on simplifying the installation experience through intuitive products and the best wire management in the industry.
